

Good day

I hope this email finds you well. My name is Vuyo Mhlanga, and I am currently a 4th-year Bachelor of Computing student(practical year) at Belgium Campus iTversity majoring in Software Engineering. I am writing to express my interest in an internship opportunity, which is a requirement for the fulfillment of my degree.

Throughout my academic career, I have gained experience in Software Development, Entrepreneurship, User Experience Design, Operations Research, and Database Development. I am eager to apply these skills in a practical, real-world environment.

My involvement in Basketball as the captain as well as leadership training at Mindful Marketing has honed my ability to work with a team, understand the responsibilities of being a leader, as well as the ability to communicate effectively and efficiently.

I am confident this internship will provide me with invaluable experience and the opportunity to contribute to your team. I am eager to bring my skills, enthusiasm, and dedication to your company.

I have attached my resume, academic transcripts, and identification documentation. I would greatly appreciate the opportunity to discuss how my background, skills, and passion align with the needs of your team.

Thank you for considering my application. I look forward to the possibility of contributing to the real world environment and am excited about the prospect of discussing this opportunity with you further.

Kind regards,

Vuyo Mhlanga
